1. I/we acknowledge the publicly-funded influenza vaccines that are received as a part of the Seasonal Universal Influenza Immunization Program (seasonal UIIP) will only be administered to persons aged 6 months or older who live, work or attend school in Ontario, unless medically contraindicated based on an individual assessment;
2. I/we shall ensure that the publicly-funded influenza vaccine will be administered **free of charge** to all eligible recipients (vaccine recipients should not pay for influenza immunization) regardless of whether:

3. I/we shall ensure that the publicly-funded influenza vaccine will be administered to all eligible recipients as recommended by the National Advisory Committee on Immunization (NACI) *Statement on Influenza Vaccination for the 2010-2011 Season*, to the extent that notice is provided to you of this requirement (which includes healthy pregnant women and children 6 months of age or older), unless medically contraindicated based on an individual assessment;
4. I/we will ensure that all Adverse Events following Immunization (AEFI) are reported to the local medical officer of health as required by section 38 of the *Health Protection and Promotion Act*; Organizations must report an adverse event following immunization (AEFI) with an influenza vaccine to their local medical officer of health **within 1 business day** after the reportable event is recognized; I/we will ensure all AEFIs are reported the local medical officer of health by filling out the AEFI report form located on the Public Health Agency of Canada's website at the following link: <http://www.phac-aspc.gc.ca/im/aeafi-form-eng.php>.

I/we will not use the vaccine refrigerator to store publicly-funded influenza vaccine for other influenza community clinics held by our organization;
