**For Immediate Release**

**February 23, 2009**

## **Parents: Give Fifteen Minutes**

Starting in March, parents with children under 12 years of age may get a call at home from the Peterborough County-City Health Unit. Telephone interviewers are conducting a random survey of about 400 parents in the City and County of Peterborough to ask their opinion about some factors which influence child health.

Parental input will help the Health Unit plan programs for families and make decisions about community initiatives. This call could take about 15 minutes, but it's time well-invested in helping build a healthy child-friendly community. For more information, call 743-1000.
